

Calamity Process

Calamity days exist for many reasons, including and most frequently due to weather. In the event that such conditions exist on a school day, the process to determine on a delay, early dismissal or cancellation is as follows:

- 1) By 3:30am, Petermann has a crew of 5 assessing road conditions
- 2) By 5am, Petermann communicates the findings to the District
- 3) By 5:15am, decisions of delays or cancellations are finalized
- 4) The District then notifies the parents and students via the All Call Phone System, District’s website and local media.

School Delays and Early Dismissal Guidelines

Delay	Gr K-8	Live Oaks 10 am Route
