

How to set up a LINQ Connect (formerly, Titan Family) Account

- The LINQ Connect (formerly Titan Family) website can be used to see: Meal Account Activity, apply for Free and Reduced meals, set spending restrictions or limits to your students account, transfer account balances between students (**for parents with multiple children only**), view school menus and check student account balances. Student account balances are updated 3 times per day (6 a.m., 11:15 a.m. and 6:30 p.m.). Any payments made to your child's account will be reflected in Titan (not PaySchools Central) after these uploads take place each day.
- Go to the following web address: <https://linqconnect.com/>
- At far right, top of the home page, click on the button labeled, 'Register'.

- Fill in the information on the page titled, 'Register'. Select which questions you want as your 'secret questions' (this will assist you in retrieving a forgotten password), select the appropriate language, and the correct Time Zone, and check the box I agree to Terms of Use.

The image shows a screenshot of the LINQ Connect registration page. At the top left, the word "Connect" is visible. At the top right, there are buttons for "REGISTER" and "LOGIN". The main content is a "Register" form with the following fields: First Name, Last Name, Email, Password, Confirm Password, Language (set to English), and Time Zone. At the bottom of the form, there is a checkbox for "I agree to the Terms of Use" and a "SUBMIT" button.

- Submit for registration. **Check your email to activate and confirm your email account. If you do not receive an email, check your spam folder.**

****Please note, we are unable to process payments for Breakfast and Lunch accounts through LINQ Connect. To make payments to a student's meal account, pay school fees, etc. please visit <https://www.payschoolscentral.com>.***
